Smart CBT Information

Thank you for your interest in Smart Rider Training...

Our CBT Site is located in the grounds of Malet Lambert School, James Reckitt Avenue, Hull, HU8 0JD.

Ideally situated, only minutes away from Hull's new purpose-built DSA Test Centre on Clough Road.

Our CBT site is the largest approved training site in the area, approximately 38,000sq ft of smooth, unobstructed tarmac. Combined with a centrally heated, fully equipped 35-seat classroom, benefiting from Interactive Whiteboard and PowerPoint facilities.

Please arrive at 8.30am prompt on the morning of your CBT and make your way to the playground at the rear of the main building

Please ensure you have with you:

- Valid Driving Licence (Photo card and Counterpart if 'new style')
- Suitable clothing and sensible footwear (consider current weather conditions)
- If you have your own safety helmet and gloves please bring them along, if not we can provide them.
- Packed lunch and coins for drinks machine

You must study the Highway Code before attending CBT

It is a legal requirement to have a working knowledge of the Highway Code before operating any vehicle on public roads.

If using your own moped/motorcycle it must be legal and roadworthy.

Should you require further advice or information regarding any aspect of your rider training, please do not hesitate to contact us.

We view motorcycling with a passion, as a family business it's a way of life, not just a job!

If you need to contact us prior to 8.30am on the morning of your CBT please call 07859 931774
